

# COURSE IN TRANSPORT AND LOGISTICS EMPLOYMENT PATHWAY

AQF CODE N/A | COURSE CODE 22648VIC | COURSE TYPE Qualification | RTO 3097

## Overview

This program offers hands-on training for those seeking to start a career in the dynamic transport, warehousing, and supply chain industries. This practical, entry-level program equips students with the skills needed for safe and efficient work in a variety of roles. The course is split into two streams, Transport and Warehousing, to provide tailored training that aligns with specific career goals in either transport or warehousing.

**The Transport stream** focuses on equipping students with the essential skills required for a career in the transport sector. Students will learn to secure cargo properly for transport and follow safety procedures that ensure safe and efficient operations. The course covers vehicle inspections, ensuring students understand how to inspect and maintain vehicles to keep them roadworthy. Additionally, students will learn how to use and maintain basic mechanical equipment, which is vital in many transport-related roles. Manual handling techniques for shifting materials are also a core part of the curriculum, ensuring that students can handle goods safely. By the end of this stream, students will gain either a **Medium Rigid Licence** or a **Heavy Rigid Licence** and be prepared to take on roles like delivery drivers, transport coordinators, or logistics assistants.

**The Warehousing stream** is designed for those interested in working in warehouse/supply chain settings, with a focus on skills that are crucial to warehouse operations. Students will develop proficiency in safely operating a forklift, as they complete a Licence to Operate a Forklift Truck unit, a requirement for many warehousing jobs. The curriculum also covers advanced forklift operations, preparing students for specialised tasks in the warehouse. In addition to forklift training, students will learn how to safely shift materials using manual handling techniques and ensure workplace safety standards are met. Vehicle inspections and the use of minor mechanical equipment are also covered to support a well-rounded skillset for warehouse operations. Upon completing this stream, students will gain a **Forklift Licence** and will be equipped to pursue roles such as forklift operators, warehouse assistants, or logistics coordinators.

## Duration

10 Days (4 Days Theory x 6 Days Practical Driving)

## Requirements

If undertaking Transport stream - you must be at least 19 years old & hold your Provisional License for a minimum of 12 months. If undertaking Logistics stream - you must be at least 18 years old. You must have appropriate enclosed footwear. You must provide photo identification. You must be able to complete your High Risk Work licence assessment without an interpreter. Once you submit an application for this course you will receive a separate email from our LLN Robot to complete a Learning, Reading, Writing, Oral and Numeracy test online as part of our Pre-Training Review process. A Wodonga TAFE staff member will then be in contact with you.

## Learning Outcomes

Follow occupational health and safety procedures  
Check and assess operational capabilities of equipment  
Complete workplace orientation/induction procedures

## Compulsory Units

# COURSE IN TRANSPORT AND LOGISTICS EMPLOYMENT PATHWAY

**AQF CODE** N/A | **COURSE CODE** 22648VIC | **COURSE TYPE** Qualification | **RTO** 3097

TLIA1001 - Secure cargo  
TLIB0002 - Carry out vehicle inspection  
TLIB0003 - Use and maintain minor mechanical equipment  
TLID0020 - Shift materials safely using manual handling methods  
TLIF0025 - Follow work health and safety procedures  
VU23469 - Investigate industry employment opportunities in the transport and logistics industry

## Selectable Units

TLILIC2015 - Licence to drive a medium rigid vehicle  
TLILIC2016 - Licence to drive a heavy rigid vehicle

## Certification

By successfully completing this course you will receive a nationally recognised AQF Statement of Attainment.

## Careers

Warehousing Logistics Distribution

## Fees

2025	Tuition	Materials	Total
Government Funded	\$840	-	<b>\$840</b>
Concession	\$168	-	<b>\$168</b>
Full Tuition	\$1,680	-	<b>\$1,680</b>

## Fees Additional Information

The student tuition fees published are indicative only and can be subject to change given individual circumstances at the time of enrolment. Funding made available to eligible individuals by State and Commonwealth Governments. For more information see 'Fee information and eligibility' under the 'Apply Now' tab on the Wodonga TAFE website.

## Pathways

Certificate III in Supply Chain Operations
